

Make an E&C diagram of the following code

```
(define make-counter  
  (lambda ()  
    (let [(num 0)]  
      (lambda ()  
        (set! num (add1 num))  
        num))))
```

```
(define c1 (make-counter))  
(c1)  
(c1)
```
